

REMARKS

By this preliminary amendment, Applicants have added new claims 10-17 to better encompass the full scope and breadth of Applicants' disclosure as originally disclosed in the Specification. Claims 10-17 are believed allowable over the prior art references since none of the surgical devices of the past teach or suggest such a novel combination of elements contained within these claims.

Early and favorable consideration of these claims is earnestly solicited.

Respectfully submitted,

Edward C. Meagher
